

MACOMB REGIONAL

Procurement Technical Assistance Center

MACOMB COMMUNITY COLLEGE

Education • Enrichment • Economic Development

Our government contracting expertise is your competitive edge.

The mission of the Macomb Regional Procurement Technical Assistance Center (PTAC) is to enhance the national defense and economic development of the State of Michigan by helping area businesses secure local, state and federal contracts.

The Macomb Regional PTAC staff are trained contracting specialists that will help you obtain the most current and relevant information available, provide technical consulting, insight into the research process and coach you through the government contracting process, from start to finish. To do this, we offer support and services in the areas listed below.

- One-on-One Counseling
- Bid Match Notifications
- Government Registrations and certifications
- Bid Preparation Assistance
- Procurement /Price History
- Pre- and Post-Award Assistance
- Federal Acquisition Regulations
- Subcontracting Assistance
- Government Contracting Training
 - Core Classes
 - Special Events with Industry Experts and Federal and State Government Agencies (networking & matchmaking events)

There is no fee for Macomb Regional PTAC services. The Macomb Regional Procurement Technical Assistance Center is funded in part through a cooperative agreement with the Defense Logistics Agency (DLA). Additionally, the Macomb Regional PTAC is assisted by the Michigan Economic Development Corporation (MEDC).

PTAC is a regionally designated program. If your business is located outside of Macomb County, visit www.ptacsofmichigan.org, if outside of Michigan, visit www.aptac-us.org
